Dear Prime Minister and Sir Mark,

Please find attached my open correspondence dated 21 September 2026, **The Record Exists — Preservation and Independent Verification of the Primary Trial Record**.

I have now obtained the complete official transcript record of the February 2024 final hearing: six transcripts comprising **496 pages**. The transcripts have been assigned permanent evidential references and incorporated into *The Saghro Files — Independent Evidential Reconstruction*. As set out in the attached statement, the findings arising from the trial can now be tested systematically against the official oral record.

I am also transmitting the source-based catalogue of **25 references** derived from the transcripts and selected existing analytical reports. Those reports pre-date my obtaining the complete official transcript record and will now be tested against it as part of the forensic reconstruction.

From today, **The Daily Saghro** will also maintain a public record of observable institutional response, including where no observable response or change occurs.

Please acknowledge receipt of this email and the attachments listed below.

Yours sincerely,
Nadia Zahmoul
